## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on November 2, 2006 has been entered.

## **REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance: Claims 1, 3, 5 and 7 to 10 are allowed in view of the combination of the amendment to claim 1 deleting the phrase, "a thermoplastic polyimide" and applicants' argument that Iyoda does not teach or suggest a thermosetting polyimide resin or a polytetrafluoroethylene resin as recited in the instant claims. Further, none of the references alone or in combination teach or suggest a method as recited in the instant claims wherein the resin powder has a median size of not more than 50  $\mu\text{m}$  nor the improved properties resulting from this resin powder size limitation as evidenced in Tables 1 to 4 and Figures 2 to 4 of the specification.

Art Unit: 1742

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
